

Corrugated SpongeCote® No. 431

BEST Performance

This long-time favorite gets the job done by providing traction and comfort in dry industrial, commercial and retail applications. In fact, the flexible corrugated surface is a real favorite among line workers and supermarket clerks because of the extra traction in the instance of surface spills. The specially formulated Flex-Link™ sponge base is blown-vinyl, designed for comfort. Use in dry areas or where chemicals can spill on the surface. (check the chemical resistance chart for compatibility).

Colors: Black (BK) and Black with Yellow Borders (BYL)

Available in two (2) thicknesses:

Corrugated SpongeCote Sizes

Stock Sizes	Non-Stock Sizes
