

WEARWELL®

HOW TO DOWNLOAD SPECIFICATION SHEETS FROM THE WEBSITE

STEP 1

All spec sheets are driven as a PDF download from the website
Go to www.wearwell.com

STEP 2

Just click on the icon in the upper right hand corner on the product page.

Home > WeldSafe

WELDSAFE GROUP 447

Specially compounded rubber surface outperforms all other anti-fatigue matting in spot-welding applications and repels sparks and hot metal shards. The Nitricell sponge base offers unparalleled resilience and comfort.

- Tough rubber surface
- Embossed leather texture
- Melt point of over 500F
- Unparalleled performance and comfort
