

The Power of Innovation and Partnership

The Wearwell Site-Survey Process — Providing Optimal Ergonomic Flooring Solutions

ErgoDeck[®]

Rejuvenator[®]

Diamond-Plate SpongeCote[®]

Want to get the most from your Industrial Athletes?

Give them the best field of play for their line of work.

In business we enter the competitive arena everyday. We send our industrial athletes to the playing field and expect them to outperform the competition.

You suit them up with hats, gloves, glasses . . . and send them out onto a concrete playing field, right?

In sports every playing field is different, and has to take into account the environment and the demands of the athlete. All too often, our Industrial Athletes are expected to perform their best on a sub-par field — cold, hard, slick, unforgiving concrete. Give your Athletes the right Wearwell surface and gain the competitive edge your team needs on game day!

Safety

69%

of occupational injuries are from slips, trips, falls and strains

Costs

\$42,152

Average cost of a single floor related injury

Performance

3.7

The average number of missed work days due to occupational injuries

You can improve safety, performance and morale with the right surface solution!

“Complaints of fatigue and discomfort from standing have disappeared from the department since we installed Diamond-Plate mats.” — A really famous jet airplane maker

What can you gain from a Site-Survey?

No matter if you are a safety or facility manager looking to improve safety and performance, or an operations manager interested in reducing costs and meeting regulations, a Site-Survey can offer opportunities to help meet your goals.

- ◇ Improve Safety Performance
- ◇ Prevent Lost Time
- ◇ Manage Risk and Compliance
- ◇ Reduce Down-Time
- ◇ Heighten Morale & Productivity

“My Representative that I spoke with was absolutely great! Very helpful, extremely well informed about the product and just genuinely nice.” — This beverage is for you brewery

Where To Start

With shrinking budgets and limited resources, it is getting more difficult than ever to effectively track all of the requirements of your facility.

Let us assist you and your purchasing distributor with a flooring and matting plan to meet your budget and needs. It all starts with a state of the art Wearwell Site-Survey as the first step.

What We Do

Assess the situation based upon your issues, concerns and budget.

How We Do It

A Wearwell expert will perform a complete assessment of your site and record the results using our state of the art mobile application.

What We Do

We provide a detailed report with recommendations for ergonomic flooring and matting to address the needs of your facility.

Benefits:

The Wearwell Site-Survey is Free of charge

This service is valued at \$2000, but we provide it at no charge with confidence we will earn your business.

Your team, your plan

You can prioritize based on your time-line and budget.

Work with your Current Distributors

With our large network of top notch distributors, purchasing Wearwell flooring and matting is simple and convenient.

Backed by 65 Years of Expertise

You could purchase competitor products, but we are confident you won't find any that can compare to the quality and value of a Wearwell product.

WE'RE UP FOR THE CHALLENGE!

CUTTING EDGE SITE-SURVEY PROCESS

Even the best teams are faced with challenges. You don't have to go it alone. Tackle them with one of our nationwide team of experts. Using state of the art tools, they'll assess your matting condition, and create a game plan specific to your goals, initiatives and budget.

"Wearwell was able to make a huge mat in a very unusual configuration for our parts assembly department. We didn't even know that could be done. Because our employees had to move around a lot, they were always tripping over the small mats we used to have. When we mentioned that to Wearwell, they immediately offered us a custom solution. We're so glad we went with Wearwell." — A fulfillment facility that brings to mind a rainforest
