24/Seven LockSafe Edging Corners Grease Resistant - Case of 4

Group ML578-CGR

24/Seven LockSafe corners offer a secure connection with ramps and tiles. These separate corners alleviate the time, costs, and waste associated with traditional modular rubber edging that requires cutting.

Grease Resistant rubber (also known as GR or natural rubber) is suitable for dry areas or areas where the primary liquid is water.

- For use in dry areas or areas with water
- Grease Resistant Natural Rubber (GR)
- Case of 4
- 3" wide
- Overall thickness 5/8"
- Male and female edging available
- Available in black and yellow
