Middle Post Kit

Group RK.MP

Wearwell's Railing Post kits include all the components needed to assemble. They connect to other Posts kits using Single Rails with minimal effort. Should you need a shorter length, rails can easily be cut on-site. **This mid-railing post is made to connect to a set of rails on both sides.**

Wearwell's Rail System is a tough, modular system with no welding or threading required. Save time, labor, material, and handling charges associated with traditional railing. Railing kits take the guesswork out of material needs for your unique layout.

Building straight runs and turns has never been easier. Use on solid concrete surfaces around the perimeter of our FOUNDATION platform system for added safety. Railing is available in 4 stock heights as well as custom heights. Work with an expert to plan larger layouts.

- 42", 46", 50", 54" and custom heights available
- Concrete Anchor Screws and all components included
- Fast, simple assembly with no welding required
- 90 degree turns available
- Railing can be used for any application where railing is needed
- Top of railings should be 42 inches above the walking surface
- Posts and rails are 1.5" (3.81cm) in diameter
- Made of Galvanized Steel
- Choose from Silver or Yellow Rails

Wearwell Categories	Railing
Suitable Environment	Wet/ Dry
Customization Options	C2
Solid or Drainage	Solid
Material	Galvanized Steel
Recycled	N/A
Warranty	1 year

Property	Test / Result
Flammability	Not Applicable
Taber Abrasion	Not Applicable
Temperature Range	Not Applicable
Coefficient of Friction	Not Applicable
Compression Deflection	Not Applicable
Tear Strength	Not Applicable
ESD Rating	Not Applicable
Dielectric Strength	Not Applicable
