3-BAR PATTERN

Made from High Density Polyethylene (HDPE) resists bacteria growth. Swipe pattern provides traction while eliminating collection points for debris.

EASY DISPOSAL

HDPE material is more rigid than rubber for improved liquid disposal.

Patent Pending

SANITIZING

FOOD PROCESSING

AGRICULTURE

LAB / PHARM

Fight cross-contamination. Microbial-free environments are essential, use the Sole-Solution foot bath with your sanitizing solution process for improved safety and prevention.

DOOR WIDTH DESIGN

Fits nicely in most main doorways, for utilization assurance.

BUILT IN HANDLES

Even with 5 gallons of sanitizing solution, the mat is manageable for easy disposal of liquids.

DEGREASING

MANUFACTURING

AUTOMOTIVE

OIL

Reduce slips from workstation exits. The industrial athlete steps off the playing field and into the Sole-Solution foot bath to remove trackable oil and grease before exiting the work area.

SLIP PREVENTION BASE

Use with a degreaser near greasy environments. Keep grease in it's place — not all over the shop.

UNIQUE DESIGN

Nestable for easy stacking when not in use, and 3-bar design prevents build up making it easy to maintain.

SOLE-SOLUTION COMBO

For optimum effectiveness make it a combo and save!

MUD CHUCKER®

Removes heavy debris from shoe sides & soles before entering

SOLE-SOLUTION FOOT BATH
