## Emergency Shower and Eyewash Stations

Among the ANSI/ISEA Z358.1-2009 requirements for emergency shower and eye wash stations is that those stations be at the same level of the hazard, well-lit and identified with a sign. Many facilities make the mistake of following those requirements to the letter and disregard the intent. The primary objective is to make the stations clearly visible and easily accessible in the event of an emergency. More often than not they aren't. **Signage and lighting make little difference if the area is visually and physically obstructed.**

### THE RISKS ARE REAL

**12,640 Cases** of reported injuries due to chemical exposure in one year across all US industries.

**164 Fatalities** in the U.S. from chemical exposure in just one year

**Bottom Line** Exposure risks are present in virtually every facility. Providing access to equipment that can remove that exposure is critical.

### Can you find the eyewash station?

### You can't use what you can't find. Unhide it.

#### WEARWELL emergency station mats

- Claim the space, discouraging clutter and obstacles
- Heighten visibility
- Reduce in-use slips and falls
- Elevate personnel above hazardous runoff

# HAVE YOU CHECKED?

STATION ASSESSMENT	YES	NO
Station is level with the potential hazard		
Area around station is well-lit		
Station is identified with signage		
Station is clearly visible		
There is open access to station		
Area under station is clear of foreign objects		

**IF YOU ANSWERED "NO" TO ANY OF THE LAST 3 QUESTIONS, YOU AND YOUR PERSONNEL COULD BE AT RISK.**

F.I.T. Kits offer an affordable, convenient and highly effective solution.

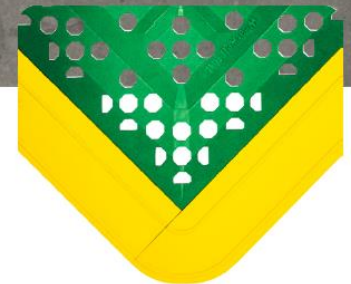

## 546

### F.I.T.™ Emergency Eyewash Kit

F.I.T.™ Emergency Eyewash Kit is a remarkably simple, compact, and versatile matting solution that enables you to designate an eyewash station properly. The kit's green tiles and yellow borders ensure high visibility for the station once assembled.

CONFORMS TO ANSI Z535.1-1998 STANDARD

ITEM NUMBER	SIZE	THICKNESS	COLOR
546.58x27x30GNYL	27" x 30"	5/8"	GNYL
546.58x27x42GNYL	27" x 42"	5/8"	GNYL

#### SPECIFICATIONS

Compound: PVC  
Edges: 3"-Wide Safety Ramps on 3 Sides  
Warranty: 1 Year
