

# Germicidal Cleaner

## broad spectrum disinfectant

PortionPac® Germicidal Cleaner is a pre-measured, EPA registered disinfectant included on List N for use against SARS-CoV-2, as well as a variety of additional pathogens such as Staph, Salmonella and Pseudomonas, MRSA, Influenza A, Avian Influenza, HIV-1 and fungi. This one-step germicidal cleaner is designed for general cleaning, disinfecting, deodorizing and controlling mold and mildew on all hard, non-porous surfaces. pH Neutral formulation won't damage floor finish and doesn't fog or leave film. Simply mix one Pac® brand pouch per mat and you are ready to clean and disinfect.

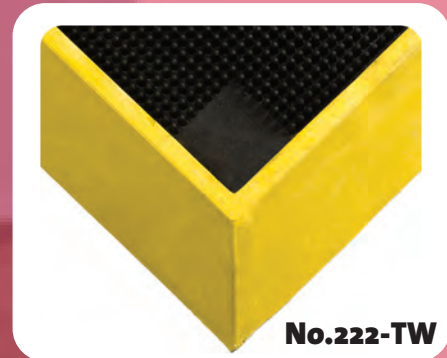

**Say goodbye to expensive bulk products and time-wasting trips to supply areas to refill solution. Take the pouches with you for on the go mixing.**

**Sanitizing Footbath Mat - Standard  
USE 201.1G.Carton**

**Sanitizing Footbath Mat - Tall Wall  
USE 205.5G.Carton**

**Fill mat to the proper level with water and add the contents of one pre-measured Pac<sup>®</sup> brand pouch for the correct dilution every time.**

**201.1G.Carton (Case of 132 Pouches) - Each Pouch makes 1 gallon**

**205.5G.Carton (Case of 20 Pouches) - Each Pouch makes 5 gallons**

**EPA Reg. No. 1839-215-8722**

- Simple:** Pre-measured for anytime, anywhere refills
- Efficient:** One-step cleaner and disinfectant
- Powerful:** On List N: Disinfectants for use against SARS-CoV-2
