

POWERHOUSE Cable Protector

Air, fluid and electricity are the power that drives your business. Inside or out, hold the line with POWERHOUSE Cable Protection System.

Prolong the life of your hoses and cables with POWERHOUSE™ by Wearwell®. Featuring a high traction, hinged lid for quick installation and easy access. Secure “snap and hold” design supports even heavy wheeled traffic. The bright yellow color serves as a visual cue for any passing foot traffic. Create a custom path for your power with the use of left and right corners. No more crimped, cut or crushed lines – contain them and protect them with POWERHOUSE!

- Available in 3-5 channels
- Medium or Heavy Duty
- Bright, visible safety yellow
- LID-FIT snapped hidden connectors on medium duty
- Chemical and UV resistant
- Lightweight and budget friendly

USE POWERHOUSE™ BY WEARWELL® TO PROTECT A RANGE OF CABLES AND HOSES

VERSATILE

Available in medium or heavy duty
3 Channel - Protects hoses/cables
up to 2.25" OD

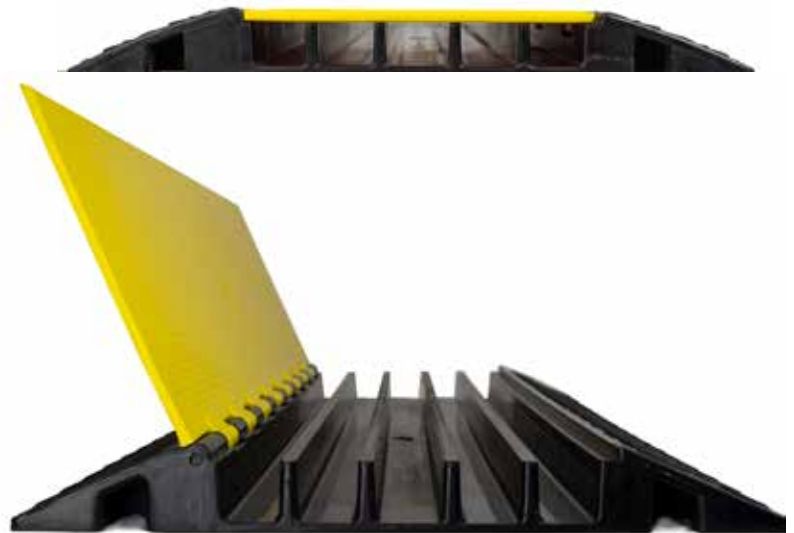

OR

5 Channel - Protects hoses/cables
up to 1.5" OD

DURABLE

POWERHOUSE cable protectors withstand
up to 20,000 pounds of tire pressure

Hidden hinges allow for the lid to lie flat
while protecting them from surface abuse

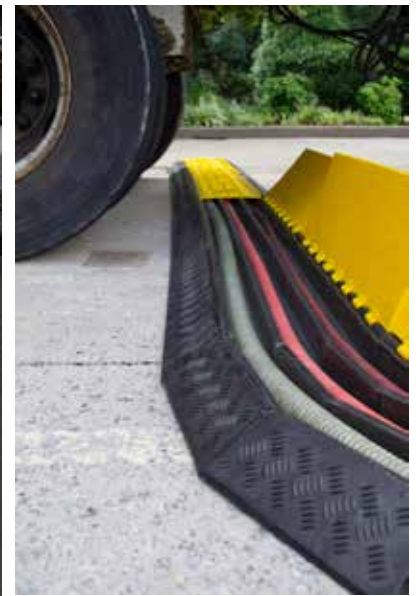

SAFETY

Bright yellow lids offer high visibility
for safety

INSIDE/OUTSIDE

POWERHOUSE cable protectors can be
utilized indoors or outdoors.

Constructed from TPU and PE, they are
highly resistant to corrosion from oils and
chemicals, and guard against impact and
abrasion
