WorkSafe Connector Strip

Group 477-Connector

WorkSafe Connector Strips are **purchased alongside WorkSafe Grease Resistant Rubber Flooring Tiles (ML477)**. The strips allow you connect tiles to create custom sized rubber flooring areas. Sold in one 9" connector strip unit quantities. 100% silicone free.

- Connector strips allow you to customize your workspace, and create custom sized rubber flooring areas
- Connect 18"x24" and 18"x48" WorkSafe floor mat sizes in all four directions
- For use exclusively with (ML477) Wearwell WorkSafe rubber floor tiles
- Easy to install, no tools required
- Cut connectors to length
- Minimum one 9" connector strip per one linear foot of connected tiles is recommended
