24/SEVEN® LockSafe® MAX Diamond-Plate-GR

Group 583-GR

[24/SEVEN® LockSafe® MAX](#) combines the benefits of a modular product with all the comfort of an anti-fatigue mat. Each 3 ft x 3 ft (91cm x 91cm) tile features secure, seamless connections on all sides. The resilient, long-lasting Nitricell sponge base makes 24/SEVEN® LockSafe® MAX the ultimate solution for prolonged standing in areas big and small.

The male and female connectors feature a flange that **lock together and won't come apart until you want them to**. Traditional modular rubber mats have passive connections that fail, leaving dangerous, unsightly trip hazards. 24/Seven MAX saves the time and labor of continual assembly and potential workers' comp claims.

Choose 24/SEVEN® LockSafe® MAX for a dependable, safe, ergonomic floor.

- Diamond-Plate surface pattern
- Large 3 ft x 3 ft tiles (91cm x 91cm)
- Grease Resistant Rubber
- Also available with a [smooth, lightly texture](#) surface
