FOUNDATION™ DIY Tile - 9in x18in - For Use with Foundation Work Platform Kits

Group FT-DIY

The new Foundation DIY tiles allow for **customization in 1" (2.54 cm) increments** to provide a perfect fit in tight spaces. Full customization with minimum effort!

Available in 3 surface styles:

- **Smooth** - lightly-textured, designed for foot traffic and cart use
- **Open** - allows for easy drainage if any fluids and airflow while preventing slips

- **Diamond-Plate** - durable traction for harsher work environments

These 9" x 18" tiles are **for use with the FOUNDATION modular platform system** to elevate employees to the proper height for optimum health, safety, and performance for standing workers. Quickly build and install FOUNDATION in the fraction of the time of traditional (stick built) platforms with basic carpenter skills. Fitting tight spaces isn't a problem with DIY tiles for FOUNDATION Work Platforms - patented modular platform system that puts you in control!

This surprisingly lightweight system provides all the support your team demands and more! Each 2" (5 cm) thick tile boasts a load rating of 400 lbs. and is manufactured of 100% recycled polypropylene to stand up to a wide range of chemicals.

- For use with FOUNDATION modular work platform system
- 400 lb. (181.5kg) load capacity per tile
- 100% post-consumer Polypropylene
- Aluminum strips provide extra support for tiles
- 9" x 18" (20 cm x 45 cm)
- Made in the USA

Tipo

Medio Ambiente adecuado	Seco, Húmedo
Nivel de personalización	C3
Drenaje o Sólidos	Solid/Drainage
Compuesto	Polypropylene
Reciclado	100%
Garantía	1 Year

Property	Test / Result
Inflamabilidad	FMVSS 302: Pass B
abrasión Taber	ASTM D3884: 0% @1000 cycles
Rango de temperatura	32-160F
Coeficiente de Fricción	ASTM F2913-19: 1.09 dry, 0.90 wet
compresión de Deflexión	Not Applicable
resistencia al desgarro	Not Applicable

Valoración esd	Not Applicable
resistencia dieléctrica	Not Applicable
