

Soft Rock

MODERN AESTHETICS MEETS HEALTH AND PRODUCTIVITY

Soft Rock is the modern and adaptable matting solution for labs, hotels, retail outlets, and other facilities where workers stand on hard tiles and concrete. Easy to clean, Soft Rock is an affordable, anti-microbial solution that helps keep the workplace germ-free.

Available in lengths up to 75' (22.9m)

ANTI-MICROBIAL

Soft Rock's rubber-enhanced sponge padding inhibits the growth of organic contaminants.

EASY-TO-CLEAN, PEBBLED TEXTURE

Modernize your work place with low maintenance matting that wipes clean in seconds.

ANTI-MICROBIAL

An anti-microbial top surface provides top level defense and is backed with an anti-microbial Nitricell® sponge.

TRIP PREVENTION

Machine cut and beveled edges prevent tripping.

SIMPLE MAINTENANCE

Sweep regularly or dry-mop the surface. Mats can be wet-mopped with mild soap or detergent.

CUSTOMIZEABLE

We can make any size and any shape to fit your space perfectly.

FATIGUE FIGHTING

Mat absorbs repeated compression and bounces back to its original form better than any PVC sponge alternative.

MODERN ALTERNATIVE

Soft Rock is a modern alternative to traditional marbled matting while offering the same anti-microbial properties.
