## Elevate AFR

### Group 370

In food processing not any wet area mat will do. It has to be easy to clean, easy to handle, fight contaminants and resist animal fats. Elevate AFR was designed specifically to perform in the highly regulated food processing and preparation industries. It is made from a flexible animal fat resistant PVC infused w/anti-microbial and anti-fungal additives so it is resistant to animal fats and oils. The 2.9cm x 1.9cm widely spaced grid design allows fluids and by-products to fall through while elevating employees above it. Elevate is up to 1/3 the weight of conventional rubber drainage mats so it is easy to install, clean, roll up and move. It's time to "Elevate" your employees! Animal fat resistant

- Animal fat resistant
- 100% virgin PVC, non-porous and inhibits the growth of bacteria
- Lightweight, easy to install, clean, roll up and move
- High traction surface and quick drain design delivers sure-footed workflow in virtually any condition
- Can be connected to itself length or width wise with the 370.Connector-PK10
- Can be anchored to the floor with the 370.FloorHook-PK10
- Open grid design and underside allows debris and fluids to flow through
- Compounded to resist a wide spectrum of commonly found oils and fluids
- Passes ASTM G21-09
- Overall thickness 5/8" (16 mm)

<b>Wearwell Categories</b>	Drainage Matting
<b>Suitable Environment</b>	Wet, Slippery
<b>Customisation Level</b>	C1 - Custom Length
<b>Solid or Drainage</b>	Drainage
<b>Compound</b>	Animal Fat Resistant PVC infused w/anti-microbial and anti-fungal additives
<b>Recycled</b>	0%
<b>Warranty</b>	3 Years

Property	Test / Result
Flammability	Not Available
Taber Abrasion	Not Available
Temperature Range	-23 to 49_ Celsius
Coefficient of Friction	ASTM F1677 / Dry: COF = .82 / Wet: COF = .72
Compression Deflection	Not Available
Tear Strength	Not Available
ESD Rating	Not Available
Dielectric Strength	Not Available
