Static Dissipative Anti-Fatigue

Group 791

Static Dissipative Anti-Fatigue is an ideal ergonomic standing solution for manufacturing, pharmaceutical, and commercial areas where static electricity can pose a problem. What makes this product such a standout is the homogeneous carbon layer, which assures the speedy dissipation of static. Add to that our exclusive Nitricell sponge base, and you've got a star performer that lasts for years while providing unparalleled ergonomic benefits. Note: Each mat includes an attached grounding snap. Mat must be grounded with a ground cord [available from Wearwell and workers must wear a heel grounder [also available] or shoes with conductive soles.
