24/Seven® LockSafe® Solid NBR - Interlocking Rubber Floor Tiles 3' x 3'

Group 577-NBR

Performance meets comfort. 24/SEVEN LockSafe Interlocking NBR is ideal for high chemical resistance in high-demand areas. The [Nitrile rubber](#) compound is ideal for harsh environments and solid surface is ideal for foot or [cart traffic](#).

These large 3'x3' rubber tiles require no tools for assembly making installation to any configuration quick and easy. Use optional 24/SEVEN NBR edging and corners when and where you need them.

The Positive Interlock System provides a secure connection in all directions, so you don't have to worry about them coming apart even with heavy foot traffic. Secure connections, lightweight design, and unmatched flexibility allow assembled sections to be lifted up, rolled up, and rolled away for removal or maintenance. Tiles hold together and only come apart when you want them to.
