Diamond-Plate SpongeCote - Black

Group 415BK

Wearwell outperforms compared to off-brand Diamond-plate workstation mats in the market. The unique Nitricell™ sponge base delivers twice the resilience and three times the life expectancy of simple PVC sponge anti-fatigue mats. It is a Nitrile composite for exceptional comfort, rebound, and long life. The bevel extends the sponge within 3 inches of the mat's surface for more standing area than other anti-fatigue mats.

Designed for comfort and optimized worker productivity, **these ergonomic floor mats are exceedingly popular among standing workers and have industrial strength for multiple shift operations.** The Diamond-Plate pattern provides improved traction to reduce workplace injuries while increasing work productivity.

- National Floor Safety Institute Certified
- Proprietary Nitricell sponge base
- 9/16" thickness
- Available in gray, black w/ yellow borders and black w/ chevron borders
- **Need a different size?** 1' incremental lengths are available! [Simply give us a shout out!](#)
